

Please Stay

[Bryan Adams](#)

We shared a special moment
I think you felt it too
I know you wanted more
Right now, this is the best that I can do
If I gave you too little too late
How is that a no
I don't wanna give you up
But I don't wanna let you go, please stay I just need a litte time
And a little help to find
all the words to say, please stay
Before you walking out the door
I know you wanted more
So give me one more day, please stay
You were looking after you
I was looking after me
Sometimes it's hard to know the difference
Between what we want and what we need
I might not have said all the right things
But I know the way I feel
Give me one more chance
Baby we can make this real, please stay Don't wanna hear you say goodbye
'Cause there's a million reasons why
We shouldn't let it end this way, please stay
I don't wanna see you go
I need to let you know
Some things are hard to say, please stay
Please stay
don't wanna walk away, please stay
we shouldn't let it end this way
I know you wanted more
Just give me one more day,
please stay
