Rain (Centron Remix)

Astronaut

Waiting for the rain
I'm not holding back for anyone

Waiting for the rain

I'm not holding back for anyoneI've been holding forever

Waiting for the rain to come

Who am I to just surrender

I'm not holding back for anyoneI've been holding forever

Waiting for the rain to come

Who am I to just surrender

I'm not holding back for anyoneI've been holding forever

Waiting for the rain to come

Who am I to just surrender

I'm not holding back for anyone

I've been holding forever

Waiting for the rain to come

Who am I to just surrender

I'm not holding back for anyoneHolding for...

Waiting for the rain

Am I to just surrend...

I'm not holding back for anyone
