

# Before Today (2015 Remaster)

## Everything But the Girl

I don't want excuses  
I don't want your smiles  
I don't want to feel like we're apart a thousand miles  
And I don't want your attitude  
I don't want your things  
I don't want a phone that never rings  
I want your love  
And I want it now  
I want your love  
And I want it now  
I don't want your history  
I don't want that stuff  
I want you to shut your mouth  
That would be enough  
I don't care if you've been here before  
You don't understand  
Tonight I feel above the law, I'm coming into land  
I want your love  
And I want it now  
I want your love  
And I want it now  
My heart is that much harder, now  
That's what I thought, before today  
My heart is that much harder, now  
And I thought that it would stay that way  
Before today  
Before today  
I don't want a phone that  
never rings  
I want your love  
And I want it now  
I want your love  
And I want it now  
I want your love  
I want your love  
I want your love  
I want your love  
I want your love  
I want your love  
I want your love  
I want your love  
I want your love
