

# When a Heart Breaks

Ben Rector

Woke up this morning  
And I heard the news  
I know the pain of a heartbreak  
I don't have answers  
And neither do you  
I know the pain of a heartbreak This isn't easy  
This isn't clear  
And you don't need Jesus  
Til you're here  
Then confusion and the doubts you had  
Up and walk away  
They walk away  
When a heart breaks  
I heard the doctor  
But what did he say  
I knew I was fine about this time yesterday  
I don't need answers  
I just need some peace  
I just need someone who could help me get some sleep  
Who could help me get some sleep This isn't easy  
This isn't clear  
And you don't need Jesus  
Til you're here  
Then confusion and the doubts you had  
Up and walk away  
They walk away  
When a heart breaks  
This isn't easy  
This isn't clear  
And you don't need Jesus  
Til you're here  
Then confusion and the doubts you had  
Up and walk away  
They walk away  
When a heart breaks
