

# Smile

## Elastica

Well i don't know what'll come of this  
And yeah i don't know if it'll change  
But i do know that i care for you  
And i'm the one to blame  
Sitting here on my bed alone  
Wishing you were here  
Maybe someday this would be the case  
I'd wait a thousand years [bridge]  
Don't walk away  
I want you to stay  
Just stay for a while  
I love it when you  
[chorus]  
Smile!

Cuz i have fallen for you everytime, be mine  
And when i see your face i freeze  
Cuz you're the other half of me, my girl  
I love it when you smile  
I write this song for the girl i love  
So beautiful and kind  
I hope someday that she'll fall for me  
So her problems will be mine  
Our time together is just winding down  
I hope that i don't cry  
To see you walk away from me  
Makes me want to die  
[bridge]  
Don't walk away  
I want you to stay  
Just stay for a while  
I love it when you [chorus]  
Smile!

Cuz i have fallen for you everytime, be mine  
And when i see your face i freeze  
Cuz you're the other half of me, my girl  
I love it when you smile  
I love it when you smile  
Our lives may go in separate ways  
Many miles they'll be apart  
But when you smile you're like an angel  
You'll always be in my heart [bridge]  
Don't walk away  
I want you to stay  
Just stay for a while  
I love it when you [chorus]  
Smile!

Cuz i have fallen for you everytime, be mine  
And when i see your face i freeze  
Cuz you're the other half of me, my girl  
I love it when you smile  
I love it when you smile
