

# King Nothing

## Metallica

Wish I may  
Wish I might  
Have this I wish tonight  
Are you satisfied?  
Dig for gold  
Dig for fame  
You dig to make your name  
Are you pacified? All the wants you waste  
All the things you've chased And it all crashes down  
And you break your crown  
And you point your finger, but there's no one around  
Just want one thing, just to play the King  
But the castle crumbled and you're left with just a name  
Where's your crown, King Nothing?  
Where's your crown?  
Hard and cold  
Bought and sold  
A heart as hard as gold  
Yeah! Are you satisfied?  
Wish I might, Wish I may  
You wish your life away  
Are you pacified? All the wants you waste  
All the things you've chased Then it all crashes down  
And you break your crown  
And you point your finger, but there's no one around  
Just want one thing, just to play the King  
But the castle crumbled and you're left with just a name  
Where's your crown, King Nothing?  
Where's your crown? Huh!  
Wish I may, wish I might  
Have this wish, I wish tonight  
I want that star, I want it now  
I want it all and I don't care how Careful what you wish  
Careful what you say  
Careful what you wish you may regret it  
Careful what you wish you just might get it Then it all crashes down  
And you break your crown  
And you point your finger, but there's no one around  
Just want one thing, just to play the King  
But the castle crumbled and you're left with just a name  
Where's your crown, King Nothing?  
Nothing

Oh, You're just nothing  
Where's your crown King Nothing?  
Oh, you're just nothing  
Absolutely nothing  
Off to never never land
