

Love Is Blind

Eve

Hey, yo I don't even know you and I hate you
See all I know is that my girlfriend used to date you
How would you feel if she held you down and raped you?
Tried and tried, but she never could escape you
She was in love and I'd ask her how? I mean why?
What kind of love from a nigga would black your eye?
What kind of love from a nigga every night make you cry?
What kind of love from a nigga make you wish he would die?
I mean shit he bought you things and gave you diamond rings
But them things wasn't worth none of the pain that he'd bring
And you stayed, what made you fall for him?
That nigga had the power to make you crawl for him
I thought you was a doctor be on call for him
Smacked you down cause he said you was too tall for him, huh?
That wasn't love, babygirl you was dreamin'
I coulda killed you when you said your seed was growin' from his semen

1 - Love is blind

And It'll take over your mind
What you think is love is truly not
You need to elevate and find
Repeat 1 I don't even know you and I'd kill you myself
You played with her like a doll and put her back on the shelf
Wouldn't let her go to school and better herself
She had a baby by yo
ass and you ain't giving no help
Uh-huh big time hustler, snake mothafucka
One's born everyday and everyday she was your sucka
How could you beat the motha of your kids?
How could you tell her that you love her?
Don't give a fuck if she lived
She told me she would leave you, I admit it she did
But came back, made up a lie about you missing your kids
Sweet kisses, baby ain't even know she was your mistress
Had to deal with fist fights and phone calls from your bitches
Lost like, you possessed her, tellin' me to mind my business
That it was her life and stay the fuck out of it
I tried and said just for him I'll keep a ready clip
Repeat 1 (2x) I don't even know you when I want you dead
Don't know yo facts but I saw the blood pour from her head
See I laid down beside her in the hospital bed
And about two hours later, doctor said she was dead
Had the nerve to show up at her mother's house the next day

To come and pay your respects and help the family pray
Even knelt down on one knee and let a tear drop
And before you had a chance to get up
You heard my gun cock
Prayin' to me now, I ain't God but I pretend
I ain't start your life but nigga I'm a bring it to an end
And I did, clear shots and no regrets never
Cops come and lock me under da jail
Nigga wheneva my bitch, fuck that my sister
You could never figure out even if I let you live
What our love was all about
I consider her my blood and it ain't come no thickaRepeat 1 till end
