

# Slippery Slopes

Jenny Lewis

I am still into you, dreams really do come through  
I feel it everywhere, even in my red hair  
And if don't wreck it, then I won't wreck it either,  
When I'm out on the road  
If for just one second, you'd ask me to forget all about  
Slippery slopes, whiskey and clothes I see it happening, I'll get the golden ring  
I want eternity, for her and you and me  
And if you don't expect it, I won't expect it either,  
When we take off our clothes  
If for just one second, she hugs you to forget all about  
Slippery slopes, mushrooms and coke  
Oh, oh, oh, whoa  
Oh, oh, oh, whoa Is anyone listening?  
There's joy that freedom brings  
And I'll be in liberty  
If she eats after me  
Cause if you don't express it, you will express it later  
With who God only knows  
If for just one second, it helps us to remember  
That we like each other the most  
Slipping with brows, slippery slopes
