

# The Bug

## Pig Destroyer

the bug tried to escape that only make me want to crush him  
more. automatic porn drug ritual. i saw my reflection like a living  
sketch. like a bug smeared on the wall. automatic porn drug ritual.  
why wont you answer the goddamn phone. cmon pick it up. the stars drip  
down the sky. shes got double spirals for eyes. there was a time when  
she was mine. she used to smolder like the earth's core. automatic  
porn drug ritual.
