

Bones (feat. OneRepublic)

Galantis

You bring an energy I've never felt before
Some kind of chemical that reaches through my core
It feels like As far as you and me I've never had a choice

You feel like home, hmm

You're like the opposite of all of my mistakes
Tear down the biggest walls and put me in my place
I know, that kind of comfortable you cannot replicate

You feel like home, hmm So if you're asking me

Saying "Oh, how do you know?"

I don't just feel it in my heart

Don't just feel it in my heart, no

I feel it in my bones

I feel it in my bones

And I know when it cuts tears down through your chest into your soul

That's how you know

That's how I know

I feel it in my bones And I know when it cuts tears down through your chest into your soul

That's how you know

That's how I know

I feel it in my bones So many people just walk in and out your life
I'd trade a couple hundreds and just to get some time, back that's right

Cause for you and me, I got no alibi

You feel like home, oh So if you're asking me

Saying "Oh, how do you know?"

I don't just feel it in my heart

Don't just feel it in my heart, no

I feel it in my bones

I feel it in my bones, yeah

And I know when it cuts tears down through your chest into your soul

That's how you know

That's how I know

I feel it in my bones

I feel it in my bones

Yeah, I feel it in my bones

That's how you know

That's how I know So if you're asking me

Saying "Boy, how do you know?"

I don't just feel it in my heart

Don't just feel it in my heart, no

I feel it in my bones I feel it in my bones

I feel it in my bones, yeah

And I know when it cuts tears down through your chest into your soul

That's how you know
That's how I know
I feel it in my bones I feel it in my bones
Yeah, I feel it in my bones
Oh, that's how you know
That's how I know
Feel it in my bones
