

# Into the Night

## Eyes Set to Kill

Violent breathing keeps the oxygen kissing  
torn up lungs  
my heart's beating  
it wont keep me from saving everyone  
(yet i still have)  
messages to the ones i love  
violent breathing  
it wont keep me from saving everyone so we sing into the night  
and break all the silence  
with one attempt to rise  
the broken from the dead  
avenge their souls  
and mend their souls  
we sing into the night  
Violent breathing keeps the oxygen kissing  
torn up lungs  
my heart's beating  
it wont keep me from saving everyone  
(yet i still have)  
messages to the ones i love  
violent breathing  
it wont keep me from saving everyone so we sing into the night  
and break all the silence  
with one attempt to rise  
the broken from the dead  
avenge their souls  
and mend their souls  
we sing into the night  
when terror grows  
like vines tightly gripping by the arm  
thorns digging  
draw the blood  
releasing pain  
ill sew your wounds over night  
ill sing to you  
ill risk my life for yours  
ill sip your tears  
in exchange for my blood  
drink up  
fear is gone  
as light from the moon awaits  
fear is gone

as light from the moon awaits
