Priests of Sodom

Cannibal Corpse

The blackened city calls out
Enter the temple of sin
You must enter the temple of sinContorted sinners beckon
Join our twisted rites

You must join our twisted rites The priests eyes gleam

Blood on their scepters of flesh

Blood on their scepters of flesh The public virgin boys

There is blood on their scepters of fleshThe nubile virgin bows

Await the piercing thrust

She awaits the piercing thrustPerverse rites

Priests of Sodom preside

We are damned

Praise the gods of sinHer walls are burning

Grinding the staff of the priest

Sluts grinding the staff of the priestThe congregation

Revel in sins of the flesh

They revel in sins of the flesh

Whores from the temple

Serving shamanic desire

They are serving shamanic desireDeviant bodies writhing

Slick with the fluids of lust

They are slick with the fluids of lustPerverse rites

Priests of Sodom preside

We are damned

Immortal lust

Wicked legions come forth

Defile the pureStatues of demons glisten with sweat

The orgy intensifies violence begins

Flaggelate sluts with serpentine whips

They raise their blades to throats of their men

Climax approaches and the blood will spill

Sexual sacrifice, mutilation and deathMurderPriests of Sodom

Priests of Sodom

Priests of Sodom

Priests of Sodom

Priests of SodomSolo: O'BrienPerverse rites

Priests of Sodom preside

We are damnedImmortal lust

Wicked legions come forth

Defile the pure
