

# Penny

Hanni El Khatib

I found you  
By the heel of my shoe  
You were hiding  
Underneath my sole  
You're my perfect, my perfect little penny  
And I will keep you  
Till I get old You're my perfect, my perfect, my perfect  
My perfect little penny  
You're my perfect, my perfect, my perfect  
My perfect little penny  
So please shine on  
I wonder  
Will you stay in my pocket?  
When I need you  
Will you come out for me?  
Hope I don't lose you  
Being careless with my spending  
I've been known to  
But that's gonna change You're my perfect, my perfect, my perfect  
My perfect little penny  
You're my perfect, my perfect, my perfect  
My perfect little penny  
So please shine on Promise I'll never lose you  
Promise I'll never let you go  
You're my perfect, my perfect, my perfect  
My perfect little penny  
So please shine on  
You're my perfect, my perfect, my perfect  
My perfect little penny  
So please shine on  
You're my perfect, my perfect, my perfect  
My perfect little penny  
So please shine on You're my perfect, my perfect, my perfect  
My perfect little penny  
You're my perfect, my perfect, my perfect  
My perfect little penny
