## **Kidneythieves**

I'm elevated [I've become a whore so I prepare to breathe] I'm stimulated [I'm becoming sworn to you for secrecy] I'm re-created [anything you want I will forever be] I'm glad you made itSpiritualize my sensuality, in your eyes, between you and meYou're elevated [connected to the depths of the seven seas] You're stimulated [I can feel your pulse and now it's part of me] I'll be creative [anything you want I will forever be] For you I'll save itSpiritualize my sensuality, in your eyes, between you and meI can't evade it You're all I've needed I am created This has been a hell of a trip.
