

# Bad Day of Fishin'

Billy Currington

Got up at dawn just to be out on the water  
The weather man said, Hot and gettin' hotter  
But he didn't say nothin' 'bout it raining like hell, oh well  
A bad day of fishin' beats a good day of anything else  
Had the big one on, and man I would'a  
got 'em  
But he took my pole straight down to the bottom  
Leavin' me with nothin' but a big ol' story to tell, ah hell  
A bad day of fishin' beats a good day of anything else  
We should probably go to work  
I mean everybody does  
Instead of sittin' out here in the middle of nowhere  
Workin' on a pretty good buzz  
Didn't catch a damn thing, guess you could say we took a lickin'  
Tonight's fish fry is gonna taste like chicken  
But we did just fine if I do say so myself  
A bad day of fishin' beats a good day of anything else  
Play that guitar  
We should probably go to  
work  
I mean everybody does  
Instead of sittin' out here in the middle of nowhere  
Workin' on a pretty good buzz  
Didn't catch a damn thing, guess you could say we took a lickin'  
Tonight's fish fry is gonna taste like chicken  
But we did just fine if I do say so myself  
You know a bad day of fishin' beats a good day of anything else  
You know a bad day of fishin' beats a good day of anything else
