

# Survive

## Dope

Woman's Voice: "What do you have to say to the individuals who have intentionally misinterpreted or miscommunicated your message, and to those who have blatantly lied, cheated, or stolen directly from you?" Fuck 'em Can't stop me think I'm messing around

You think I'm messin around  
Well are you messin around with me  
Truth is I've seen the ups and the downs  
And through the losses and the founds  
Well I'm right where I wanna be Stop thinking every body's shakin  
You never get a break you're never gonna go  
Stop thinking every body's shakin  
I never gotta break but  
I survive  
You can try but you can't deny me  
I survive  
Like a lie that just won't die  
I survive Fuck you ya think I'm messin around  
You think I'm messin around  
Well I ain't messin around you see  
Back off you'll find your ass on the ground  
And when I roll through your town  
Well I'll be layin you down to sleep Stop thinking every body's shakin  
You never get a break you're never gonna go  
Stop thinking every body's shakin  
I never gotta break but  
I survive  
You can try but you can't deny me  
I survive  
Like a lie that just won't die  
I survive
