Survive

Dope

Woman's Voice: "What do you have to say to the individuals who have intentionally misinterpreted or miscommunicated your message, and to those who have blatantly lied, cheated, or stolen directly from you?"Fuck 'emCan't stop me think I'm messing around

You think I'm messin around

Well are you messin around with me

Truth is I've seen the ups and the downs

And through the losses and the founds

Well I'm right where I wanna beStop thinking every body's shakin

You never get a break you're never gonna go

Stop thinking every body's shakin

I never gotta break but

I survive

You can try but you can't deny me

I survive

Like a lie that just won't die

I surviveFuck you ya think I'm messin around

You think I'm messin around

Well I ain't messin around you see

Back off you'll find your ass on the ground

And when I roll through your town

Well I'll be layin you down to sleepStop thinking every body's shakin

You never get a break you're never gonna go

Stop thinking every body's shakin

I never gotta break but

I survive

You can try but you can't deny me

I survive

Like a lie that just won't die

I survive
