

Our Time In the Universe

Chris Cornell

Waiting upon the dooms
Of earth and sand
In the morning
A flame appears upon your hand
Swallow the fears
Of empty promised hearts
And remember
We only just got to the start
Save the dying arms of midnight
For the patients of an afterlife
'Cause it's our time in the universe
And I don't mind
If we're blessed or cursed
Yeah, it's our time
In the universe
Yours and mine
Breathing beneath a mile
Of heart and sky
In the sunlight
I will appear before your eyes
So don't worry
On what tomorrow holds for you
I'll be waiting
At the end of every road you choose
So save the dying arms of midnight
'Cause it's our time in the universe
And I don't mind
If we're blessed or cursed
Yeah, it's our time
In the universe
Yours and mine
See it unfold no matter the end
See it unfold no matter the means
See it fold up
Whatever happens to be
Is what it will be
Is what it will be
'Cause it's our time in the universe
And I don't mind
If we're blessed or cursed
Yeah, it's our time
In the universe

Yours and mine
Yours and mine.
