

# Alsatian Darn

## Panda Bear

Feel that you have ever i could not  
Actually hide and i said that it was true look up.  
Where i run  
Would i will i  
Let it slide  
Let it slip by  
No i won't let it slide  
No i won't let it slip by.  
Lyrics provided by Under  
What you doing  
What to do  
What to do  
Not to do what you want to do?  
I can't miss you.
