

Can't Help Falling In Love

[Andrea Bocelli](#)

Wise men say
Only fools rush in
But I can't help
Falling in love with you. Shall I stay
Would it be a sin
If I can't help
Falling in love with you Like a river flows
Surely to the sea
Darling, so it goes
Some things are meant to be So take my hand
Take my whole life, too
For I can't help
Falling in love with you Some things are meant to be
Take my hand
Take my whole life, too
For I can't help
Falling in love with you
For I can't help
Falling in love with you
