Can't Help Falling In Love

Andrea Bocelli

Wise men say
Only fools rush in
But I can't help
Falling in love with you.Shall I stay
Would it be a sin
If I can't help
Falling in love with youLike a river flows

Surely to the sea

Darling, so it goes

Some things are meant to beSo take my hand

Take my whole life, too

For I can't help

Falling in love with youSome things are meant to be

Take my hand

Take my whole life, too

For I can't help

Falling in love with you

For I can't help

Falling in love with you
