

# World's On Fire

Mike Shinoda

[Verse 1]

Don't think I need to say this  
'Cause you know what's in my head  
"Fucked up" is an understatement  
Can't wait for this year to end It all fell apart, don't know where to start  
Everything moves so slow  
I can't get a break, it's too much to take  
But closing my eyes I know

[Chorus]

When the world's on fire, all I need is you  
I don't always think to say it but it's true  
When I just wanna disappear, you're the one who keeps me here  
The world's on fire, all I need is you [Verse 2]  
The riot's on the horizon, calling each others' bluff  
The smoke's filling up the skies, say we should back it up  
Maybe the blaze will take this away, I shine the earth below  
Tell me to breathe, you still believe closing my eyes I know [Chorus]

When the world's on fire, all I need is you  
I don't always think to say it but it's true  
When I just wanna disappear, you're the one who keeps me here  
The world's on fire, all I need is you  
When the world's on fire, all I need is you  
I don't always think to say it but it's true  
When I just wanna disappear, you're the one who keeps me here  
The world's on fire, all I need is you [Outro]  
The world's on fire, all I need is you  
The world's on fire, all I need is you
