Joy Division

Walk in silence
Don't walk away, in silence.
See the danger
Always danger
Endless talking
Life rebuilding
Don't walk away.
Walk in silence
Don't turn away, in silence.
Your confusion
My illusion
Worn like a mask of self-hate
Confronts and then dies.
Don't walk away.
People like you find it easy
Naked to see
Walking on air.
Hunting by the rivers
Through the streets
Every corner abandoned too soon
Set down with due care.
Don't walk away in silence
Don't walk away.
