

Right Back

R. Kelly

Yeah, this is for my niggas
My real niggas
Yeah, this is for my niggas
My real niggas
Yeah, this is for my niggas
My real niggas
Yeah, this is for my niggas
My real niggas
Yeah, this is for my niggas
My real niggas
Yeah, this is for my niggas
My real niggas
Yeah, this is for my niggas
I came up with my niggas
I've been through with my niggas
I ran the streets, I hugged the block and them same shoes with my niggas
I rolled up with my niggas, we rolled up on them niggas
They put me out that four door and I'll never snitch on my niggas
Now I'm on the road with my niggas
Getting dough with my niggas
Bank roll, videos, sharing hoes with my niggas
I give it all for my niggas, got nothing but love for my niggas
And I can't trust them other niggas so I just trust my niggas
Said I tried to go to church but it
didn't do nothing for a nigga
Said I tried to pray but it didn't do nothing for a nigga
I tried to find a job but it didn't do nothing for a nigga
So I had to hit the streets, go right back to my niggas
Right back to my niggas, right back to my niggas
Right back to my niggas, right back to my niggas
I ride right back to my niggas, I'm going right back to my niggas
I'm going right back to my niggas, I'm going right back to my niggas
I'm going right back to my niggas
Still out here with my niggas, I'll never change on my niggas
We hustling, we getting money, we breaking bread, my nigga
I turn up with my niggas, VIP with my niggas
We pop bottles, we throw it up in the strip club with my niggas
Yeah, I lost some of my niggas, paid for the funeral for my niggas
Eight years and I'm still missing my niggas
I understand, my nigga, I been through the same, my nigga
Gotta feed the baby, help out your momma, I feel your pain, my nigga
Said I tried to go to
church but it didn't do nothing for a nigga
Said I tried to pray but it didn't do nothing for a nigga
I tried to find a job but it didn't do nothing for a nigga
So I had to hit the streets, go right back to my niggas
Right back to my niggas, right back to my
niggas

Right back to my niggas, right back to my niggas
I ride right back to my niggas, I'm going right back to my niggas
I'm going right back to my niggas, I'm going right back to my niggas
I'm going right back to my niggas I remember when we used to piss the tenants, my nigga
I remember when we talked about our dreams, my nigga
And now we living well up in them hills, my nigga
Whatever was the goal, I went right back to my niggas Right back to my niggas, right back to
my niggas
Right back to my niggas, right back to my niggas
I ride right back to my niggas, I'm going right back to my niggas
I'm going right back to my niggas, I'm going right back to my niggas
I'm going right back to my niggas My niggas, yeah
My niggas, yeah
