

America's Suitehearts

Fall Out Boy

You could've knocked me out with a (feather)
I know you've heard this all before but we're just hell's (neighbors)
Ohhh...
Why, why, why won't the world revolve around me? Build my dreams, trees grow all over the
streets
But I don't know much about classic cars (Cars)
But I've got a lot of friends stuck on classic coke (Coke)
Down, set, one, hut, hut, hike Media please
Let's hear it for America's suitehearts!
But I must confess
I'm in love with my own sins Let's hear it for America's suitehearts!
But I must confess
I'm in love with my own sins
You can bow and pretend
That you don't, don't know you're a legend, ohhh
Time, time, time hasn't told anyone else yet (I'm sorry I just) Let my love loose again
Oh, I don't know much about classic cars (Cars)
But I've got a lot of friends stuck on classic coke (Coke)
Down, set, one, hut, hut, hike Media please
Let's hear it for America's suitehearts!
But I must confess
I'm in love with my own sins Let's hear it for America's suitehearts!
But I must confess
I'm in love with my own sins... You could have knocked me out with a (feather)
I know you've heard this all before
Let's hear it for America's suitehearts!
But I must confess
I'm in love with my own sins
Let's hear it for America's suitehearts!
But I must confess (I must confess)
I'm in love with my own sins (Yeah, yeah, yeah, yeah)
Let's hear it, oh let's hear it
Let's hear it, oh let's
Suitehearts!
(Suitehearts!)
