

# If You Leave

## Train

Sweet dreams from Texaco  
And I know your mind is on its way to Mexico  
Sweet Jesus is on his way  
To take you on his way down You get your fill of what you like  
And you fill your head with what you might  
Want yourself to be  
When you're ready But if you leave  
It's gonna get a little bit easier, to break down  
And if you leave  
It's gonna get a little bit easier for you, to break down  
My new dress is your new way out  
My new way is your new dress and you look fine  
But your new belief is my regret  
And my regret leaves you to believe that we have found the line And if you leave  
Take me along, anywhere is okay  
And if you leave  
Take me along, anywhere is okay Think back and you can feel me movin' through you  
It's easy when you try  
Oh, think back and you can feel me, you can feel me  
You won't feel me if you leave  
And if you leave  
It's gonna get a little easier for me to break down  
And if you leave, if you leave, if you leave, if you leave  
You won't feel me
