

# Attention (feat. Raphael Saadiq)

[Kelis](#)

I know that life has dealt us many cards  
Sometimes I swear he's trying to make it hard  
And I don't want to have to hide my thoughts  
But he got busy and let down the guards I need attention from you  
It's just the little things we do  
Pay attention, it's on you  
'Cause I can't help it  
I just like it when you do, yeah I don't wanna nag and start a fight  
But sometimes you forget and I get tired  
If he was out of sight and out of mind  
So darling, listen and just make it right  
I need attention from you  
It's just the little things we do  
Pay attention, it's on you  
'Cause I can't help it  
I just like it when you do, yeah You make my heart monsoon, baby  
And we could make life through, baby  
So take my hand and we'll glide away I need attention from you  
It's just the little things we do  
Pay attention, it's on you  
'Cause I can't help it  
I just like it when you do, yeah Why would you follow now  
Just look me in my eyes  
Remember what makes me smile  
You used to make me high  
Let's go way back in time  
Come baby, lay me down  
I need attention from you  
It's just the little things we do  
Pay attention, it's on you  
'Cause I can't help it  
I just like it when you do, yeah
