

# Mira

## Melody Gardot

Mira, mmmmmm  
Mira, if you never come to me my darling  
I'll burn in boiling eternity  
The felicidad that I hold in my heart  
Is a pretty good start for us 2  
And if in the world there were only ... days  
I would how find how ... in the blues  
Mira, look at what you do to me  
Mira, look at all the fantasy  
Mira, this is such a lovely way to be  
In all that I've seen, all the love that I've seen  
Is the love that reminds me of you  
In every smile is a trace of the joy  
That I feel like a sweet morning ...  
Mira, look at what you do to me  
Mira, look at all the fantasy  
Mira, this is such a lovely way to be  
Oh Mira, look at what you do to me  
Mira, look at all the fantasy  
Mira, this is such a lovely way to be.
