

# Counterstrike

## Sabatón

Kick start fighter launch  
Throttle set to full  
Speed king race to win  
Afterburners roaring Ghostlike counterstrike  
Takes them by surprise Score 307  
Israelis rule the heaven Jordan attacks Israel crush that  
Futile attempt  
Control Jerusalem Drive back surprise attack  
Take the Western wall  
Next day make them pay  
Over river Jordan  
Syria last in line  
Head for Golan Heights  
Strike without a warning  
See the Syria forces falling Syria attacked Israel crushed their  
Lines of defense  
Ruling the Golan Heights Six days of fire one day of rest  
June '67 taught them respect  
Control Jerusalem Three nations fallen in 6 days of war  
Traitorous neighbors  
Received as deserved  
Under the sun in the dust of the war  
One nation standing stronger than before  
First into Egypt and  
Sent them to Hell  
Then returned their forces to Jordan  
Climb up the mountains  
Where Syria awaits  
Break them in hours  
Protect Holy Land
