

# Should've Listened

## Nickelback

There's clothes all over the floor  
Don't remember them being here before  
Smell of perfume isn't here  
Why's lipstick on the mirror  
Still I don't understand No pictures left in the hall  
There is three new holes in my wall  
Where the hell's my credit cards  
Why's my wallet in the yard  
Still I don't understand Well I guess I should've listened  
When you said you had enough  
A little trick I picked up from my father  
In one ear and out the other  
Why's love gotta be so tough  
Should seen the look on my face  
My shits all over the place  
Why's this happening to me  
Why'd you take both sets of keys  
And still I don't understand Well now I guess I should've listened  
When you said you had enough  
A little trick I picked up from my father  
In one ear and out the other  
Why's love gotta be so tough And now I guessed I should've listened There's clothes all over my  
floor  
Don't remember them being here before  
There are no candles in here  
Lipstick still on my mirror  
Still I don't understand  
Now I guess I should've listened  
When you said you had enough  
A little trick I picked up from my father  
In one ear and out the other  
Why must life be so tough  
Well I guess I should've listened  
When you said you had enough  
A little trick I picked up from my father  
In one ear and out the other  
Why life gotta be so tough
