

2AM (feat. Carla Monroe)

[MK](#)

2 a.m and I'm here calling you Pushing and pulling Can't get it right

It's all we ever do lately

Telling the truth

And telling me lies

Say it straight would you baby? 'Cause I need you

Come over

2 a.m and I'm here calling you

Come over

You already know that I need you

Come over

2 a.m and I'm here calling you (2 a.m and I'm here calling you)

Is love enough

Is love enough

Is love enough

Is love enough 'Cause I need you

Come over

2 a.m and I'm here calling you

Come over

You already know that I need you

Come over

2 a.m and I'm here calling you

Calling you Pushing and pulling

Can't get it right

It's all we ever do lately

I said it once

And I said it twice

But you still driving me crazy

'Cause I need you

Come over

2 a.m and I'm here calling you

Come over

You already know that I need you

Come over

2 a.m and I'm here calling you (2 a.m and I'm here calling you) Is love enough

Is love enough

Is love enough

Is love enough 'Cause I need you

Come over

2 a.m and I'm here calling you

Come over

You already know that I need you

Come over

2 a.m and I'm here calling you
Calling you'Cause I need you
Come over
2 a.m and I'm here calling you
Come over
You already know that I need you
Come over
2 a.m and I'm here calling you
(Calling you)
