

# Line of Sight (feat. WYNNE & Mansionair)

## ODESZA

I'm facing back to front  
Over my shoulder at the sun  
And it's an open door  
End of my line of sight once more  
And I don't learn, no I don't learn  
It'll all be fine this time  
And I don't learn, no I don't learn  
'Cause you always seemed so kind  
And I don't learn, no I don't learn  
It'll all be fine this time  
And I don't learn, no I don't learn  
I'm feeling in and out  
I turn full circle round and round  
So will you help me down  
Come grab my hand for solid ground  
And I don't learn, no I don't learn  
It'll all be fine this time  
And I don't learn, no I don't learn  
'Cause you always seemed so kind  
And I don't learn, no I don't learn  
It'll all be fine this time  
And I don't learn, no I don't learn  
Help me out, don't let me down  
I could learn from you, I could learn from you  
Help me out, don't let me down  
I could learn from you, I could learn from you  
Help me out, don't let me down  
I could learn from you, I could learn from you  
I could learn from you, I could learn from you
