

# The View

## Modest Mouse

Your gun went off  
Well you shot off your mouth and look where it got you  
My mouth runs on too  
Shouts from both sides  
Well we've got the land but they've got the view!  
Well now here's the clueLife it rents us  
And yeah I hope it put plenty on you  
Well I hope mine did too  
As life gets longer, awful feels softer well it feels pretty soft to me  
And if it takes shit to make bliss well I feel pretty blissfullyYour gun went off  
Well you shot off your mouth and look where it got you  
My mouth runs on too  
Shouts from both sides  
Well we've got the land but they've got the view!  
Well now here's the clueWe are fixed right where we standLife it rents us  
And yeah I hope it put plenty on you  
Well I hope mine did tooWe are fixed right where we areAs life gets longer, awful feels softer  
well it feels pretty soft to me  
And if it takes shit to make bliss well I feel pretty blissfully(For every invention made how  
much time did we save?)  
(We're not much farther than we were in the cave)  
As life gets longer, awful feels softer and it feels pretty soft to me  
And if it takes shit to make bliss well I feel pretty blissfully  
If life's not beautiful without the pain  
Well I just would rather never ever even see beauty again  
Well as life gets longer, awful feels softer and it feels pretty soft to me(For every good deed  
done there is a crime committed)  
We are fixed  
(For every step ahead we could have just been seated)  
We are fixed  
As life gets longer, awful feels softer well it feels pretty soft to me  
We are fixed  
And if it takes shit to make bliss well I feel pretty blissfully  
We are fixed  
We are fixed  
We are fixed  
We are fixed right where we stand
