We don't do no kissing, no kissing, no kissing
We don't do no kissing, no kissing, no kissing
Don't know where yo' mouth be, but I know where it going, it going
And I know this ain't yo' first time, no
And I know this ain't yo' first time, no
So we don't do no kissing, no kissing, no kissing
We don't do no kissing, no kissing, no kissing
We don't do no kissing, no kissing, you silly
And I know your secret, you fucking, that's it
Bitch you know you going, and I know you blowing
Turning tricks fo' packs, you ratchet, no moral
See you know your fine, blowing niggas minds, but you won't blow mine
You tripping, stop geeking
All your friends they jocking, cuz I rock with Gotti
Make them hoes retarded, we creepin', we creepin'
First I need yo' soul, then you bow down low
Now I need yo' dough, no, I been told you know
Bitch yo' face to close
We don't do no kissing, don't even blow no kiss my way
Don't kiss me mann
try and ask me, so don't leave me no kissy face
Yo' mouth been so messy, state to state then face
Greet me like a blessing, she stay on her knees all day, anyway
I heard you with yo' ex, straight sucking dick
Heard, you straight doing the thing for a check
Heard yo' lil secret, all them bitches you be with, you lil bitch, and I could care
less
Say her house a miss, sucking dick for rent
You hoes stay hollering, for my dick a bit
You got to be giving me the best super head impression, for me to be even think about
the risk
I had to be a fernesser, come up and try to kiss 'er
I couldn't take chance, I don't know where you been, bitch yo' mouth risky
I don't do no kissing, I can't take that chance
She said, "That's fucked up, all I been doing is sucking dick, nigga since we been
friends"
