

# How Old Is Your Soul?

## Combichrist

Away! Even at the gates of hell  
Not forgotten, no regrets  
It's in our hands but all for nothing  
Oh, they say it's inside of me They litter your eyes  
Follow your soul  
Why do you lie?  
Swallow your craze  
Fall to the ground  
"Nobody cares" is all you say to me "Follow through" is all you mentioned  
Always feel it's all for him  
Didn't fake it, sober now  
It's all over now, there is no forgiveness  
They litter your eyes  
Follow your soul  
Why do you lie?  
Swallow your craze  
Fall to the ground  
"Nobody cares" is all you say to me
