She wanna have the, ok
She wanna announce the, ok, ok
She wanna dance thatGorgeous, gorgeous, gorgeous, baby you are, gorgeous, gorgeous,
gorgeous, beautiful
Gorgeous, gorgeous, gorgeous, you making me wanna, gorgeous,
Spend this money gorgeous, all on youShorty you make the world go round,
When I get you girl, I'ma hold you down
Can't no other man do you like I do
Nothing on the surf comparing me loving you
Gucci bags, Louie bags, if you want it girl then that's what you have
... my money in this world is too much
Take a cube before introducing the two of us
This must a match made in heaven
Feels like dice when I roll a seven
Girl I'm so so lucky I found you, found you, found you
God listen an angel cause you're right here
Beautiful skin and body and some nice hair
Girl don't you walk out my life, life
Girl you are gorgeous, gorgeous, gorgeous, baby you are, gorgeous, gorgeous, gorgeous,
beautiful
Gorgeous, gorgeous, gorgeous, you making me wanna, gorgeous,
Spend this money gorgeous, all on you
Gorgeous, gorgeous, gorgeous, baby you are, gorgeous, gorgeous, gorgeous, beautiful
Gorgeous, gorgeous, gorgeous, you making me wanna, gorgeous,
Spend this money gorgeous, all on youIf I had the world in my hands I would give it all up just
to be your man
In the summer time, we'll build the castle in the sand,
And the winter time we make us a snowman
Baby let's do something romantic, make love under the moon light and planets
And the stars... shy, but not nearly as bright as you and IGod listen an angel cause you're right
here
Beautiful skin and body and some nice hair
Girl don't you ever walk out of my life, my lifeGirl you are gorgeous, gorgeous, gorgeous, baby
you are, gorgeous, gorgeous, gorgeous, beautiful
Gorgeous, gorgeous, gorgeous, you making me wanna, gorgeous,
Spend this money gorgeous, all on you
Girl let me know if you want to join me, join me, join me in my...
