

White Winter Hymnal (Fleet Foxes Cover)

[Kina Grannis](#)

I was following the
I was following the
I was following the
I was following the
I was following the
I was following the

I was following the I was following the pack, all swallowed in their coats

With scarves of red tied 'round their throats

To keep their little heads from falling in the snow, and I turned 'round and there you go
And Michael, you would fall and turn the white snow red as strawberries in the summertime

I was following the pack, all swallowed in their coats

With scarves of red tied 'round their throats

To keep their little heads from falling in the snow, and I turned 'round and there you go
And Michael, you would fall and turn the white snow red as strawberries in the summertime

I was following the pack, all swallowed in their coats

With scarves of red tied 'round their throats

To keep their little heads from falling in the snow, and I turned 'round and there you go
And Michael, you would fall and turn the white snow red as strawberries in summertime
