

# Don't Our Love Look Natural

[Keith Whitley](#)

We're gathered in this room today to say our last goodbyes  
Friends and kinfolk stayed away, it's down to you and I  
It's just a simple service and much too late to say  
Those tender words unspoken yesterday But don't our love look natural lying there  
You could almost expect it to get right up and care  
It faded in its prime and died before its time  
Now don't our love look natural lying there I know the day our love was born, well, I don't  
know when it died  
I think we could have saved it but it seems nobody tried  
A love like time can slip away and vanish with the dawn  
And you can't bring it back, no, when it's gone  
And don't our love look natural lying there  
You could almost expect it to get right up and care  
It faded in its prime and died before its time  
Now don't our love look natural lying there  
Yes, and don't our love look natural lying there
