

# What Do You Want the Girl to Do

Lowell George

So you, you think the world looks crazy  
And eats up your lies  
like it's good for her  
like apple pies  
And she don't even cry  
She is not a fool  
She's just tryin' to do what her heart says to  
To love you  
And as you t  
ake to the wind  
(to the wind again she breaks down)  
And as she breaks down within (within, within)  
Pre-chorus:  
She waits for you patiently  
Hopin' that someday you'll see  
[ That] all she really wants to be  
Is yours and your  
s alone, eternally  
Chorus:  
What do you want the girl to do  
[ Don't you know] you're breakin' the child in two  
[ Can't you see]  
What do you want the girl to do  
All she really wants is you  
She knows what you are  
Still she'll be your queen if you let  
her  
(Just say the word today)  
(Build the world around her)  
Now and then you'll promise  
All the way-out things you're goin' to get her  
(You will see, you will see)  
(You're so damn glad you found her, found her, years ago)  
'Cause ma  
ybe she knows better  
As she watched you come and go (all you'll show)  
And as she watched your promises erode  
[repeat pre-chorus]  
[repeat chorus]  
What do you want the girl to do  
Don't you know you're breakin' the child in two  
What do you want the girl

to do  
Can't you see you're breakin' the child in two [fade]
