

Limits

The Ready Set

She's got my heart strapped down
To the beat just like that 808
Did you know I'm thinking of you everyday?
Is it wrong, is it wrong, is it wrong? Is it too loud now?
Is it shaking up your clothes?
From your head down to your toes
Run along, run along, run along She's gonna move like smoke in your lungs
And I'm dreaming, I can feel it on the tip of my tongue
And tell me how you feelin', we can touch the ceiling
Jump start my heart
Oh girl I wanna know your love
I wanna feel your warmth on my skin
I'll show up and be your summer love
Cause you're the break up feeling of the week
Give yourself time And did you feel the bass stop
Drop your heart, pick it up, yeah
I wanna see night eyes, and if it feels right
Well then maybe we can be alone Drop everything around you
Let me surround you
Is it wrong, is it wrong, is it wrong? Is it too late now
Don't mean to compliment your style
You've got that subtle grace for miles
Run along, run along, run along
She's gonna move like smoke in your lungs
And I'm dreaming, I can feel it on the tip of my tongue
And tell me how you feelin', we can touch the ceiling
Jump start my heart Oh girl I wanna know your love
I wanna feel your warmth on my skin
I'll show up and be your summer love
Cause you're the break up feeling of the week
Give yourself time Feel your heart drop
Pick it up yeah
And I can tell we're gonna be alone So we've got a heat lash
Bring it back
?
Cause our weathers getting kinda cold
She's gonna move like smoke in your lungs
And I'm dreaming, I can feel it on the tip of my tongue
And tell me how you feelin', we can touch the ceiling Oh girl I wanna know your love
I wanna feel your warmth on my skin
I'll show up and be your summer love
Cause you're the break up feeling of the week

Let's get rid of your diamond eyes
Baby feel alive
I'll show up and be your summer love
?

Give yourself time
