

# Enter the Ninja

## Die Antwoord

I, I, I  
I am your butterfly  
I need your protection  
Be my samurai  
I, I, I  
I am your butterfly  
I need your protection  
Need your protection I'm a ninja, yo  
My life is like a videogame  
I maintain when I'm in the zone  
One player one life on the mic  
I'm in the dark  
Yo, ninja, go No fuckin around I'm cutting down  
Anyone in my path  
Tryna fuck up my game with razor sharp  
Lyrical throw stars  
Killin' my foes like Hos! Ska! Wild, outta control Ninja skop befokte rof taal  
Rough rhymes, tough times  
Met fokkol kos, skraal  
Till I hit triple seven at the ATM  
Straight famine or feast  
When you're living on the razor edge  
Stay sharp, sharp  
Rolling with the \$\$  
High energy  
Never seen zef so fresh  
Uh, when we mic check  
Hi-def flow's flex  
Yo we aren't the messed up  
Not fucking the best  
We not like the rest  
My style is UFO  
Totally unknown  
You can't fuck with my new Zef flow  
I'm hard to miss  
"You can't do this, you can't do that"  
Yo, fuckin' who said so?  
I do what I like  
Too hot to handle, too cold to hold  
You can't fuck with the chosen one  
I-I-I want the knife  
I'm a Ninja, I, I am your butterfly

I need your protection  
Be my samurai  
I, I, I  
I am your butterfly  
I need your protection  
Need your protection  
I, I, I  
I am your butterfly  
I need your protectionBe my samurai  
I, I, I  
I am your butterfly  
I need your protection  
Need your protection  
Ninja is poes cool  
But don't fuck with my game  
Boy or I'll poes you  
Life is toughWhen I get stuck  
When my time is up  
I push through  
Till I break-break-break  
on through to the other side  
Fantastically poor with patience like a stalkerNinja is hardcore  
Been cut so deep, feel no pain  
It's not sore  
Don't ask for kak or  
You'll get what you ask for  
I'm like a wild animal in the corner  
Waiting for the break of dawnTrying to get through the nightJust a man with the will to survive  
My blade swing free  
Decapitate a hater with amazing ease  
This is not a game, boy  
Don't play with me  
I work my light sabre like a wild fucking savage  
from the dark side danger  
Yin to the yang  
Totally Hi-Tek Ninjas  
Motherfucking big in Japan  
I seen the future, but I never got nothing in my hand  
Except a microphone, big dreams and a plan  
Fly-talking, sky-walking  
Like a ninjaI, I, I  
I am your butterfly  
I need your protection  
Be my samurai  
I, I, I  
I am your butterfly  
I need your protection  
Need your protection  
I, I, I

I am your butterfly  
I need your protection  
Be my samurai  
I, I, I  
I am your butterfly  
I need your protection  
Need your protection  
Fuck, this is like  
The coolest song I ever heard in my whole life  
Fuck all of you who said I wouldn't make it  
Who said I was a loser  
They said I was a no-one  
They said I was a fuckin' psycho  
But look at me now:
