

Mtns of Glory

[Amy Ray](#)

Call up my rockboy, finally score
He's got drama like a toreador
Me and the bottle we're on the mend
Tired of winning gonna lose again I'm gonna miss being the boy
I'm gonna miss being the man When I go down to F L A
Sand in my shoes makes me think of you
I can't get it out its kinda rough
I like the way it feels but its not enough
I'm gonna miss being the boy
I'm gonna miss being the man Hey baby, don't you need me now
Mountains of glory, mountains of glory
I said, hey baby, don't you want to feel
Mountains of glory, mountains of glory
I said, hey baby, don't you miss me now
Mountains of glory, mountains of glory
I said, hey baby, don't you want to feel these
Mountains of glory, mountains of glory I'm gonna miss being the boy
I'm gonna miss being the man
