## Kittie

Indeed  
I will condescend  
Exhausting every trace  
To give you what you asked for  
Everything you demanded  
You bleed  
right straight from me  
at last  
i will be free  
and the pheonix rises  
invasion of my last hope  
for once just know your place  
we are only human  
everything you demanded  
you bleed right straight from me  
so weak i cannot see  
corruption at its finest
