

Copy Cat (feat. Tierra Whack)

Melanie Martinez

Melanie Martinez
Over my shoulder, eyes peeking in
Analyse my every move what current state im in
Cause you are colder than ice on my skin
Wanna get that A+ baby so you take my shit
Cause i am little, right
I wont call you out
Teachers saying you get credit why would you stop now
You are so desperate
Craving that spotlight
Shining on the ones who do their shit cause its their life
But i kno-o-ow the people around you say just do-o-o what it takes to make it all the way
Youre a copy cat
You take and you leave it honey just like that
Just like that
Youre falling flat
You find someone like me to bring you up right back
Up right back
Copy cat
Copy cat Obsessed with power
You want it for yourself
Feeding up misogyny but still you call yourself a feminista
If that were really true you wouldnt feel as if a were a current threat to you
But i kno-o-ow the people around you say just do-o-o-o what it takes to make it all the way
Youre a copy cat
You take and you leave it honey just like that
Just like that
Youre falling flat
You find someone like me to bring you up right back
Up right back
Copy cat
Copy cat Find someone else to leach on lady
My blood's for me not for you baby
College, estate and all your savings
My blood's for me so no more taking
Thierra Wack:
Anything you can do i can do better
In prison for stealing
Gon write you a letter
Courageous and clever
Creative director
I raised the bar higher, yes sir i broke the record
Im hot as peppers, my words written in leather

Scuffed up my boots while i stomp you in skechers
They wanna buildl like their first name is hector
Back against wall bitch im a projector
From the projects, dont check om my ex
Like unibras they are made for connects
Wish you the best
Wont show you my next move so i guess you'll be upset
Dont cry no baby you'll find your own way
Think for yourself it will all be okay
Copying my lyrics
You cant steal my spirit
They lift from my music theyre dying to hear it
Imitated never publicated you wish you related
You wish you had made it
Imitated never publicated you wish you related
You wish you had made itMelanie Martinez:
Youre a copy cat
You take and you leave it honey just like that
Just like that
Youre falling flat
You find someone like me to bring you up right back
Up right back
Copy cat
