????????????????????????????????

Let's see what happens next time you checkin' for me

Fuck you say?

I'm just gon' call my other nigga And I ain't in the mood if I ain't in my bag

I ain't in the mood if I ain't in my bag

Do anything for the cash (Ah), bills

Do anything for the cash

And I ain't in the mood if I ain't in my bag

I ain't in the mood if I ain't in my bag

Do anything for the cash (Ah), bills

Do anything for the cash

Give me space, let me breathe

Never gon' rest if you never gon' let me

I understand it's what you need (What you need, it's like that?)

But it won't be my best if I ain't got nothin' left

Baby, I can't lie, I got money on my mind

(Baby, I can't lie, I got money on my mind)

You love spendin' time, you ain't gotta spend a dime

Long as we're in rhythm, you don't care about the rhyme

When it's low flame, you want me to heat it up

Tyson in the ring, you want me to beat it up

How you like it, I know how you like it

Girl, I'm shinin' bright, yes

But only when I'm fired up

And I ain't in the mood if I ain't in my bag

I ain't in the mood if I ain't in my bag

Do anything for the cash (Ah), bills

Do anything for the cash

And I ain't in the mood if I ain't in my bag

I ain't in the mood if I ain't in my bag

Do anything for the cash (Ah), bills

Do anything for the cash (I don't even know why I deal with your dumbass)

You ain't gotta tell me, baby, I know I'm your favorite

It's all fun and games, but I ain't the one you play with

No reason to worry what you worry 'bout

All our lil' problems I been workin' out

Don't you love to put on a show?

When I don't give you your affection you be fussin' and more

Talkin' bout why don't I give you somethin' to talk about?
Soon as you get my attention, you know it's goin' down, oh
And I ain't in the mood if I ain't in
my bag
I ain't in the mood if I ain't in my bag
Do anything for the cash (Ah), bills
Do anything for the cash
And I ain't in the mood if I ain't in my bag
I ain't in the mood if I ain't in my bag
Do anything for the cash (Ah), bills
Do anything for the cash
