

# The Lion

## Monster Truck

I'm low low, low baby.  
I'm ready for a rest.  
I've been beat down, bruised and injured  
and I just ain't looking my best I'm down, but I'm not defeated.  
So long, I've been feeling this way.  
I'm down, but I'm not defeated.  
A new life, starts today Gonna rise up, above this madness  
Gonna keep my two feet on the ground  
Ain't gonna back down, or run for cover  
Gonna turn all this bullshit around I'm down, but I'm not defeated.  
So long, I've been feeling this way.  
I'm down, but I'm not defeated.  
A new life starts today.  
I'm down, but I'm not defeated.  
So long, I've been feeling this way.  
I'm down, but I'm not defeated.  
A new life starts today.  
Oh yeah.
