

# Never Wrong

## Disturbed

You're never ever wrong, no you're never wrong, never  
No, you're never ever wrong, no you're never wrong, never wrong You're never ever wrong, no  
you're never wrong, never  
No, you're never ever wrong, no you're never wrong, never wrong You're "never ever wrong"  
Always something more to say  
You're never wrong  
Well you never mind, I'll be fine  
You're never wrong  
And there's nothing more to say  
You're never wrong  
It's gonna end this time  
You're "never wrong"  
You can never be contained  
You're never wrong  
Well you never mind, I'll be fine  
You are never wrong  
Don't even bother to explain  
You're never wrong  
You'll never win this time Feel the anger coming  
Fell my patience running  
Well it's plain to see that  
You have lost your damn mind How could you let it end up this way  
Is there really nothing more you can say  
I'm not taking another fucking dose of your denial today  
I'm not willing to deal with someone  
Who insists that they can never be wrong  
So just keep on talking to the wall  
Because I'm walking away  
You're never ever wrong  
And you never will believe  
That you were wrong  
You'll just never mind. And be fine  
You're never wrong?  
Are you really that deceived?  
The illusion has to end this time  
Well you were wrong  
I know it's difficult to see  
That you were wrong  
In your little mind, every time  
Yeah you were wrong  
And now you'd better believe  
The game is coming to an end this time Feel the anger coming

Fell my patience running  
And it's easy to see you've made me lose my damn mind!How could you let it end up this way  
Is there really nothing more you can say  
I'm not taking another fucking dose of your denial today  
I'm not willing to deal with someone  
Who insists that they can never be wrong  
So just keep on talking to the wall  
Because I'm walking awayIf you shut your mouth  
Then we just might make it  
You want a fight, be careful  
What you're wishing for  
So say it again, push it again  
There is no coming back this timeShut your mouth,  
'Cause I just can't take it  
I'm ready to fight  
Is it all that you were hoping for  
Don't say it again, do it again  
There'll be no coming back this timeHow could you let it end up this way  
Is there really nothing more you can say  
I'm not taking another fucking dose of your denial today  
I'm not willing to deal with someone  
Who insists that they can never be wrong  
So just keep on talking to the wall  
Because I'm walking awayHow could you let it end up this way  
Is there really nothing more you can say  
I'm not taking another fucking dose of your denial today  
I'm not willing to deal with someone  
Who insists that they can never be wrong  
So just keep on talking to the wall  
Because I'm walking awayYou're never ever wrong, no you're never wrong, never wrong  
You're never ever wrong, no you're never wrong, never wrong
