So you've seen
I've gotten this far. please give me some place to worry. i'm not trying to go
There, so take me away.
Life sometimes
Pisses me off. it's never a good trip for me every time i reach for love, it's
Taken away.
Night! so i
Play. give me a sign this is day. give me some patience, so i pray. it's time to
Die. is that what i want?
There's nothing
Wrong wanting to be loved. is there something wrong with me? once in my life i'd
Like to be really set free.
Let me be me.
Night! so i
Play. give me a sign this is day. give me some guidance, so i pray. it's time to
Die. is that what i want?
Take me away.
Taken away. take me away. taken... away.
Something i
Get, i got to get home run, run, run, run, run, run running home
Where is my
Home...
Night! so i
Play. give me a sign this is day. give me some patience, so i pray. it's time to
Die. is that what i want?
Night!
So i play. give me a sign this is day. give me some guidance, so i pray. it's
Time to die. is that what i want?
