## **Easy**

## **Cas Haley**

I know it sounds funny But I just can't stand the pain Well, I'm leavin' you tomorrowSeems to me, girl You know I've done all I can Well I begged, stole and I borrowedYeah, that's why I'm easy Alright, yeah Easy like Sunday morning I'm easy Alright, yeah Easy like Sunday morning Why in the world Would anybody wanna go put chains on me? Well, I paid my dues to make itEverybody wants me to be What they want me to be I'm not happy when I try to fake it YeahThat's why I'm easy Alright, yeah Easy like Sunday morning I'm easy Alright, yeah Easy like Sunday morning That's why I'm easy Alright, yeah Easy like Sunday morning I'm easy Alright, yeah Easy like Sunday morningOh
