

# Crazy Possessive

Kaci Battaglia

I think I'm crazy  
I think I'm going out of my mind You call me crazy  
I thought I saw you touching my guy  
Are you crazy?  
Maybe I should take you outside  
And show you crazy  
Ohhh I got your crazy  
A little hazy  
Maybe I'm just losing my mind I think your shady  
I know that you've been calling my guy  
Are you crazy?  
Now I'm gonna take you outside  
And show you crazy  
Ohhh I got your crazy  
Call my man again and imma you up, and imma you up, and imma you up  
Touch my man again and imma you up, and imma you up  
And then you call me your best friend, and then you call me your best friend  
Call me crazy  
Everytime that I turn around You want my baby  
Ohhh but I'm his lady  
Am I possessive?  
Just because I'm claiming what's mine  
Your crossing the line  
Why are you constantly calling him up  
To pick you up Let me know now  
How can you call me your best friend  
Then turn around and secretly text him  
You call me crazy  
Ohhh I got your crazy  
Call my man again and imma you up, and imma you up, and imma you up  
Touch my man again and imma you up, and imma you up  
Call my man again and imma you up, and imma you up, and imma you up  
Touch my man again and imma you up, and imma you up And then you call me your best  
friend, and then you call me your best friend  
They calling me crazy  
They say I'm crazy They call me crazy  
They think I'm crazy  
Ohhh I got your crazy  
Call my man again and imma you up, and imma you up, and imma you up  
Touch my man again and imma you up, and imma you up  
Ohhh I got your crazy  
Call my man again and imma you up, and imma you up, and imma you up

Touch my man again and imma you up, and imma you up  
Ohhh I got your crazy
